***“This meeting is dedicated to  
the memory of Prof. Alain Cribier”***

# Welcome

---

Dear Friends,

**Hyderabad Valves** was started in 2019 with an objective of creating a platform to learn latest non-surgical methods of valve replacements i.e. TAVI, TMVR, TPVR from the Pioneers of the field. Dr Alain Cribier doesn't need any introduction as he is the one who performed 1<sup>st</sup> such procedure in the world in 2002. He has been working tirelessly having taught this unique technique to many of our colleagues across the world.

World saw some of the worst times in Pandemic. It is the time now to Meet, Greet and Learn from each others experience at this unique platform of mutual learning. The **3<sup>rd</sup> Edition of Hyderabad Valves** i.e. **Hyderabad Valves 2024**, will take place on the **15<sup>th</sup> & 16<sup>th</sup> of November, 2024**, at the **Park Hyatt, Hyderabad**.

Our scientific committee worked to ensure a rich academic feast for all of you. Masters from across the world will be sharing their experiences through Structural Heart Cases followed by discussions. We are sure, every attendee will return enriched enough to strengthen their ongoing program or start this program in their respective cities.

We are looking forward to your presence and active participation to set new benchmarks in this field.

Best Regards,

**Dr. P C Rath**  
Course Director
